GENERAL REMARKS

Kuling is the only Mountain Summer Resort in Central China, and is therefore well patronized by Chinese and foreigners alike. The Kuling Estate was founded by foreign missionaries in the winter of 1895-1896 on a very unpretentious basis. Since then Kuling became known to numerous foreigners living in China. The place has been known for thousands of years to Chinese scholars and officials of high rank. Emperor Hwang Ti, who ascended the Dragon Throne in 2697 B.C., is said to have been the one who caused the Lushan, on which Kuling is situated, to be recorded for the first time in the history of the Empire. One of the Emperors of the Han Dynasty promoted Lushan to be the "Guardian God of the South." Poets of the T'ang Dynasty were constant visitors to the Lushan range, and their poems about the beauty of the Lushan are still widely read and make the mountains sacred and immortal to the Chinese people. The ancient records show that mythology, legend and history had endowed the Lushan with fame thousands of years before the foreign settlement of Kuling was established.

Since then developments and improvements have been rapid. To-day it is an easy matter to reach Kuling from any of the Yangtze ports via Kiukiang, and ample provision has been made at the hill-top for all visitors. The popularity of Kuling as a summer resort has never been questioned, and the long spells of perfect weather, which are enjoyed throughout the year, are attracting more and more people. As a Health Resort Kuling is growing into a widely known Sanatorium. The coolness of the atmosphere and the pure and germ-free air, in striking contrast to the Yangtze valley cities, have restored the health of thousands of people during the last thirty odd years. Kuling is 3500 feet above the level of the sea, and the temperature very seldom exceeds 80° Fahrenheit in day time, while the nights are invariably cool. During the autumn and winter the climate is particularly exhilarating, and the months of January and February give excellent facilities for winter sports.

The administration of the Kuling Estate is under a Council of 12, elected by the Landrenters, and all revenue from Estate Dues are used for public works, watching, sanitation, general improvement, and development of the Estate.

The Estate is divided into about 620 lots, which contain about 560 houses. These figures include some unsold lots, several Hospitals, a Medical Hall, three Churches and several Assembly Halls, two foreign Schools, several Hotels, a newly constructed Swimming Pool in the centre of the Estate, the properties of the "Kuling Library,

Auditorium & Recreation Association," consisting of the Library, the Auditorium, seven tennis courts, a large baseball field, etc. Some of the foreign and many of the Chinese shops keep open during the winter, and during the summer season many Hankow and Shanghai firms maintain branches in Kuling.

The number of visitors during the summer 1932 was over 3000, and it is expected that before long Kuling will again reach its record number of 3500 visitors (1924). Several hundred foreigners, including the two American Schools, and about 1000 Chinese (the latter largely outside the Estate) remain on the hill during the winter. Visitors will find all the comfort they require during the cold season at the Hotels and in private homes.

There is ample room for further development and improvements, and it is believed that Kuling, the only Summer Resort in Central China, will surely become one of the most favoured and largest Summer Resorts in the world.

Visitors should obtain a copy of "Historic Lushan" as a guide to their excursions in the mountains. The "Historic Lushan" may be had at the Estate Office and at the local book stores (Price \$2). It is also advisable to engage a local Chinese as guide when staying away from Kuling for more than a day.

Almost ever since the Estate was established schools for British, American and European children have been operated in Kuling. The healthful and wholesome environment assist to make Kuling an ideal place for a boarding school.

For several years the Redcroft School for British children was located in Kuling. Since its forced evacuation in 1927, this school has been operating in Tsingtao. The commodious buildings have been utilized during summer months since 1927 for hotel purposes. During the past two years they have been occupied for the remainder of the year by the American School from Kikungshan, which institution expects to return to its own place as soon as political conditions will permit.

The Kuling American School, established in 1916, operates under a Board of Managers appointed in China by a Board of

Trustees elected in New York by the Northern Presbyterian and the American (Episcopal) Church Mission Boards.

Their modern and up to date plant and equipment offer excellent school facilities which provide a sound primary and secondary school education according to the best modern standards for children of missionaries and others of American and European nationality.

For Chinese children there are only a few small primary schools.

KULING LIBRARY, AUDITORIUM & RECREATION ASSOCIATION.

The above Association is managed by an Executive Committee of nine members. The object of the Association is to provide and maintain for Kuling upon a non-profit basis such cultural and recreational enterprises as the Library, Auditorium and Sports. All Lot-holders of the Estate as defined on August 1st 1931, are eligible for membership upon application to the Secretary of the Association.

The Library and Reading Room are located on Central Avenue. The use of the Reading Room is free. The Library contains about 7000 volumes, and the fees charged are as follows:

Short term fees \$2.—per month and person,

Families pay \$6.—for the season (June to September),

Annual fees \$7.—for families, \$5.—for single persons, \$1.—for a child.

Families allowed 6 books, single persons 2 books, a child 1 book at the time.

Auditorium. Concerts and cinema entertainments are held in the Auditorium. Rooms in the Auditorium may also be rented for sales, exhibitions, etc., the room charges to be obtained from the Auditorium Secretary. The net-proceeds of concerts, cinemas, room charges, etc., go to the Auditorium Building Fund.

Recreation. There are seven tennis courts behind the Estate House, also one larger playing field for baseball and other sports.

KULING SWIMMING CLUB.

A new swimming pool was built and opened for use during 1932, and this club is now open to receive applications for membership. A copy of the club's constitution and application forms for membership may be obtained from the club committee. Applicants must be nominated by two members of the club, and must be approved by a physician. The fees are \$10 for a season, \$6 for a month, \$2 for a week. Children half rates.

SANITATION.

The Estate Sanitary Department assumes responsibility for the collection and disposal of the night soil and garbage from every occupied house. A large number of scavengers are on duty all the year round. Householders are urged to keep their kitchen and yards clean to prevent the spreading of disease. Printed rules and regulations of the Sanitary Department are sent to each house at the beginning of the season. These may also be obtained free of charge from the Estate Office. Any laxity on the part of scavengers should be reported at once to the Estate Office. The Sanitary Department also tries to protect the water sources and streams from avoidable pollution. The Sanitary Inspector visits places where disorder or uncleanness are reported by the watchmen. Infectious diseases in private houses are watched by the Health Officer, who takes such preventive measures as these cases may require.

A few important points of the rules and regulations may be mentioned here:

All drinking water ought to be boiled. Even water taken from a good spring may not be safe otherwise.

All garbage and refuse must be kept carefully in a covered receptacle, to be cleared away every morning by the Estate scavenger.

Covered pits or sumps for the reception of waste water should be maintained on every compound. Details showing how to build sumps may be obtained from the Estate Office or the Health Officer.

All water kangas should have lids to prevent access to the water by flies or mosquitoes. No old tins should be left about in which rain water can collect and provide breeding places for mosquitoes. Eaves troughs round the roof, and drains round the house should be kept free of leaves, so as to prevent water collecting therein.

In case there should be standing water on the property, which cannot be drained, a thin film of kerosene should be kept on the surface of the water. This kills all the mosquito larvae in the water.

All milk from local dairies must be boiled before using.

MEDICAL FACILITIES.

The question is often asked "Is the Kuling climate good for the treatment of tuberculosis?" The answer is:—The Kuling air is remarkably free from dust and possesses that invigorating quality peculiar to mountain regions, hence the Kuling climate is very good for that purpose. Most of the patients who come here, improve remarkably in health, and very many of them recover so that they are able to return to their regular work. The Kuling winters are comparatively mild and the summers are cool, so that the place has

a limited range of temperature, which is considered desirable for the treatment of tuberculosis, especially the pulmonary type.

Kuling is probably the best place and has the best all the year round climate in China for the treatment of tuberculosis of the lung. Besides incipient or early pulmonary tuberculosis, tuberculosis of glands, bones and joints, and also chronic malaria, anaemia, debility as well as convalescence are suitable cases for treatment on Kuling.

There are several medical institutions on Kuling, both for Chinese as well as for foreigners.

KULING COMMUNITY HOSPITAL.

This is a community owned institution, administered on a non-profit making basis. Patients of all nationalities may receive medical care at this institution. The building is a fine stone structure in the West Valley, adequately equipped and staffed for handling surgical and obstetrical as well as regular medical cases. This year the staff will include Drs. P. F. Greene, F.A.C.S., of the Hunan-Yale Medical College and Hospital, Fred. J. Tooker, Stephen C. Lewis, Gordon Gillison. It is also expected that Dr. L. D. Greene will be available for ear, nose and throat consultation. Although it is the intention of the institution to provide an adequate staff, there is no desire to restrict these facilities exclusively to the staff, and patients so desiring may be attended by their own physicians.

Outcalls. Hospital staff members will answer calls to patients' homes at any hour. When there is no urgency these calls are usually made in the afternoons. It will contribute to the efficiency of the medical service if the community will co-operate by sending in, as far as possible, requests for such calls early in the day, as it is difficult to make a large number of calls unless the physician can arrange them consecutively in regard to their geographical location.

KULING SANATORIUM.

The Kuling Sanatorium, which was last open in 1930, will again be reopened during the summer season for the treatment of medical and surgical patients. Regularly qualified practitioners may attend their own patients. The Shanghai office of the Sanatorium is: c/o Dr. Howard G. Barrie, Hamilton House, 170 Kiangse Road, Shanghai.

KULING PRIVATE SANATORIUM.

This is a newly opened private Sanatorium under the charge of Dr. A. Berzin. It is housed in Lot 60. It has 1st, 2nd and 3rd class accommodations. It is open all the year round.

KULING MEDICAL MISSION GENERAL HOSPITAL & SANATORIUM.

This institution is under the charge of Dr. Fred. J. Tooker, with the assistance of Dr. T. N. Sun, who is the resident physician. It is open all the year round and caters chiefly for Chinese patients. The Hospital receives medical, surgical and obstetrical cases. In treating tuberculosis, the Sanatorium aims to accomplish three things:

(1) To use all the means at its disposal to assist the patients to recover their health,

(2) To instruct the patients in the proper care of their health, so that after leaving the institution they may be able to intelligently carry on their work and at the same time to conserve their strength, thus avoiding recurrence of their disease,

(3) To surround all the patients with a definitely Christian atmosphere, so that those who are not Christian may come to know and accept Christ, and those who are Christians may grow in their spiritual lives while they are in the Sanatorium recovering their health.

KULING MEDICAL MISSION DISPENSARY.

This Dispensary is run by the Kuling Medical Mission and is managed by an experienced dispenser under supervision. It is situated in the "Gap" (Market Street) and is open from 9 to 12 and from 2 to 5. Prescriptions of an urgent nature may be filled at irregular hours.

WATCHING.

For effective watching of the houses the Estate is divided into sections. Each section is under a Sergeant and a number of watchmen. It is the duty of these men to report to the Estate Office any irregularities which may occur in their sections. In the absence of householders an inspection is made twice daily. The watchmen may be recognized by a numbered badge which they wear on the coat. The men are exclusively in the employ of the Estate.

All doors and windows should be secured with good locks and bolts. There are many locks on the Estate which can be opened with one and the same key, which involves a lot of extra care on the part of the watchmen. It is imperative that when householders are leaving the hill a special lock is fixed on one of the outside doors, after making secure all the other doors from the inside.

The Police System is separate from the housewatching, and is under Chinese Officials, although paid by the Estate. Police patrol the main roads and the exits to the Estate. They are not entitled to enter private property unless called in.

CHURCHES.

Services are held in the Kuling Church during the summer season every Sunday morning at 11 o'clock, and in the afternoon at 5 o'clock. Midweek prayer meetings are held at the Kuling Church every Wednesday afternoon at 5 o'clock. The Chinese service is held at the same Church every Sunday at 2.30 p.m.

The Episcopal Church of the Ascension is situated on Central Avenue, and the Church of the Transfiguration is at the bottom of Yale Road. At both regular services are held.

The Brethren have their own Meeting House on the East Bank, Lot 15.

The Catholic Church is situated in the Central Valley, daily Mass is at 7 a.m. On Sundays the Masses are at 7 and 9 a.m., and the Benediction of the Blessed Sacrament at 5. p.m.

夏季協和教堂，每逢禮拜日，分三次禮拜。上午十一時（英文），下午二時半（漢文）及下午五時（英文）。禮拜三午後五時，祈禱會。

牯嶺基督教會，爲中國人自辦的教會。暫設胡金芳旅社三樓。禮拜日午前十時，舉行禮拜。升天堂住於中大路，變像堂位於雅禮路底。每逢禮拜，亦有聚會。

弟兄會之聚會所在門牌十五號。

天主堂在中谷，每日早七時有彌撒。禮拜日午前七時與九時亦有彌撒。午後五時特別禮拜。

間每日午前九至十二時，午後二時至五時。緊急配方，不限時間。

房屋看守辦法

牯嶺避暑地，共分若干段，每段由巡查員一人，卒領數人，專司看守。遇有不規事件發生，則由該巡員人等，報告公司房，以辦善後。未住之房屋，每日巡視兩次。巡視司務之服裝，上佩帶徽號，以示標識。該項司務，為牯嶺公司所專僱。

住戶務宜注重門窗之關鎖。常有同一鑰匙，可開數屋之鎖者，此種缺陷予巡視人不得不特別當心。住戶離山時，務必將門窗由內緊鎖，再於一門之外面，用特別鎖鎖妥，似較穩固。

警察

警察與看守房屋分為兩事。看房人直接對公司負責，警察則由廬山管理局直轄。其經費則由公司付繳官廳。警察之責，在防衛各大路，及進口地方。非公事，不入住宅。

教堂

三 用基督的精神，服務病者。使其得到心靈的安慰，并期未信道者，有緣皈依，已信者，信德彌堅。

時間宜早，以便按照各家住址，順路依次往診，以省時間，而免延誤。

牯嶺療養院

牯嶺療養院停辦已兩年，今夏重開，專收內外科病人，正式醫師亦可介紹病人住院，自負診責。主辦人柏醫師，上海辦公處在江西路一七〇號。

牯嶺私立療養院

此院設在六十號開辦不久，院長德真醫師，住房分頭二三等，常年營業。

牯嶺醫藥會普仁醫院兼療養院

院長都格醫師，主任醫師孫桐年。此院專為中國病人而設，常年工作。分內外婦諸科。對於療肺，尤為注意，其目的在

一 用最良之方法，以助病者恢復健康。

二 貢獻病者以個人衛生之方法，俾其於離院後，得以慎重從事工作，以免過用精力，重罹病患。

牯嶺指南

或問牯嶺之氣候究竟宜於療養肺病乎。答曰，是也。蓋山中空氣不含塵垢，異常清潔。山區氣候類，能強壯心身，而斯嶺所賜獨厚，故於療肺最為適宜。來此養病者，頗著功效。而健康恢復，進而恢復工作者，更大有其人。

牯嶺冬季不酷寒，夏令甚涼爽，故常年氣候溫和，無大變異。對於療治癆症，固其所宜，而於肺癆尤便焉。在中國欲求得一常年療養肺病之天然環境，舍牯嶺無他處矣。牯嶺誠一最優良之療養所也。此非但宜於初期肺病，凡腺癆、骨癆、慢性虛疾、貧血症、衰弱以及病後須調養者，皆宜得牯嶺天然之調治。因此而有多數病院之設立，以便中西病者之療治。

牯嶺新醫院

牯嶺新醫院，位於西谷，房屋頗佳，內外婦諸科均有設備尚全。病人無論屬何國籍，均可就診，且非營性質。本院中醫師，有格利恩（湖南湘雅醫學校），都格，劉易士，紀立生諸人，該院雖欲聘備足數醫師，以應需要，但并不欲限制該院使用範圍，病人另請別醫診視，亦無不可。

出診 該院醫生隨時出診，除急症外，通常出診時間，均在下午，惟為增進醫務致率計，各病家每日邀約醫師，

房院落保持清潔，以防發生疫疾。衛生部對於水源，亦竭力保護，以免污濁。為保證衛生之實行起見，特設調查員，至各處檢查。遇不潔則即行設法清除。如住戶有患傳染病者，則由衛生部派員施行防疫。粘嶺公司備有衛生詳細規章，在該辦事處亦可索閱並不取費（每年夏初每戶分送一份）。茲將衛生方法之緊要大綱條列如下：

一 飲水務須滾過，雖清泉之水，非煎後亦不宜飲。

二 一切渣滓及穢物，務必投入垃圾桶內慎重蓋藏，以待每晨拉圾夫清除。

三 每屋應築溝墜，以為污水之出路。關於此項溝道之設計，公司房已備有圖案，可向領取或與衛生委員接洽亦可。水缸宜用蓋蓋好，以免蚊蠅侵入；廢鐵盒不宜擲置露天，恐其儲蓄雨水，有產生蚊蟲之虞。枱槽及水溝溜筒宜防葉片之阻塞，務使流通暢利，以免水積。如有積水無法除盡之處，則應於其上，常灑煤油一薄層，以除滅蚊種。

四 本地牛奶必須燉後方用。

DRAGON POOL.

A choice "swimming hole."

牯嶺避暑地（即俗稱租界），由其地各業主所舉董事十二人組織之董事會管理之。所有捐款收入，均作辦理公共工程、衛生、看管房屋及改良發達地方之用。

牯嶺避暑地約分爲六百二十段，共有房屋約五百六十棟；其中有未售出地段若干號，醫院數所，醫學會堂一所，禮拜堂三所，集會廳數所，外國學校兩所，旅館數家；避暑地適中處，有新造游泳池一個及牯嶺圖書游藝體育會所有之圖書館演藝廳各一所，網球場七個，大棒球場一個及其他。長年在山營業之商店，有華人商店多家，外人所開亦有數家。夏季溫漢商家來牯開設支店者頗多。

西歷一千九百三十二年（民國二十一年），牯嶺遊人數在三千以上，行見一九二四年（民國十三年），三千五百之人數記錄，不久可以復達。其冬季留山者，外僑連兩美國學校人數在內約有數百；華人一千左右，多住避暑地外。寒期在山居住旅館私宅，均極舒適。

牯嶺爲華中惟一避暑所在，其前途猶大，有發達改良之餘地；將來定必成爲世界上遊人最多之最大避暑地之一，此可置信者也。

遊牯嶺者須備廬山紀要（Historic Lushan 英文本）一本，爲山中導遊之用。此書每本價洋貳元，在牯嶺

概說

牯嶺爲華中惟一山林避暑地，中外遊人均甚衆多。外國教士於西歷一千八百九十五年（即前清光緒二十一年）創立牯嶺公司，規模殊簡。由是牯嶺之名乃爲中國多數外僑所知。至其爲中國學者達官所知，已數千年。相傳廬山之記入國史，始於黃帝（卽位於西歷紀元前二千六百九十七年），而牯嶺地方卽在廬山。至漢時更封廬山爲鎮守南方之神。唐代詩人常遊廬山，其讚美廬山之作，至今傳誦猶廣，使斯山對於華人，有尊嚴神聖之意味。蓋據古籍所載，在牯嶺外僑居留地開立前數千年，一切神話史書，固已錫廬山以勝名矣。

自是以後，牯嶺之進展頗速。今則由長江各埠，經九江而至牯嶺，其事甚易。凡遊客所需，山中均可供給。牯嶺之爲著名避暑地，從無疑問。而其全年中佳良天氣之多，尤誘致遊人有加無已。以保健言，牯嶺方以療養佳地，日漸聲譽。其空氣清涼，中無微菌，與長江一帶城市地方迥異；因而療復康健者，在過去三十餘年間，數以千計。牯嶺高出海面線三千五百英尺。晝間溫度率在華氏表八十度以下，夜間則無時不甚清涼。秋冬氣候尤清爽可愛。一二月間，作種種冬季運動，亦極便利。
